5.0 COST PROPOSAL

The rate structure for this procurement is as follows:

In home room and board	\$1,970.00
Out-of-home room and board for one child	\$3,442.97
Add on rate for each additional child in out- of-home	\$1,721.49

Example: A vendor receives a referral on a reunification family. At the time of the referral the monthly rate for the vendor would be in home room and board rate of \$1,970.00. In serving the family it becomes necessary to serve one of the children outside of the home there new rate would now be the out of home rate for one child which is \$3,442.97. If an additional child had to be put in an out of home placement an additional \$1,721.49 which would raise the rate from \$3,442.97 to \$5,164.46.

Note: Fixed rates are specified for this procurement for the provision of services, proposals exceeding either of the fixed rates will be deemed non-responsive and no further consideration will be given.
